Entered at the Postoffice at Pioche, Nevada, as second-class matter.

Delivered by Carrier at fifty cent per Month.

Still its Hot.
Location Notices—two kinds—for sale at this office.

Last Sunday about all the rigs available left Pioche for Round Valley for a days outing.

T. J. Osborne departed for Salt Lake Thursday.

John R. Cook and family were outgoing passengers Monday for a visit to Salt Lake.

Time and tide wait for no man, but a woman will wait for him until some other man comes along.

Two kinds of location notices for sale at this office, the preliminary and complete notice.

It is rumored that the Times-Review of Tuscarora is to resume publication. This is an indication of good times in the old camp.

Wm. Lloyd and family departed Monday for the City of the Saints. Mrs. Lloyd and family will reside there during the summer. Mr. Lloyd will return next week.

By the apportionment of State school money just made by Orvis Ring, Lincoln county will receive \$6,494.06. This county ranks third in school population, there being 960 children of school age.

The Democratic and Silver party state committees have issued a call for a primary election to be held on Saturday, Aug. 11th, for the election of delegates to the State conventions.

The Registration Books closes September 8th instead of October 27th as heretofore stated. The law reads that they shall close on the 10th of September but as the 9th is not a legal day the Books will close the 8th.

Messrs George Nesbitt Sr. and George Nesbitt Jr. of Delamar spent a few days in Pioche this week visiting and looking after their realty interests here. They were accompanied by Mrs. Jas. Nesbitt and sons who visited the family of Mr. J. A. Nesbitt of Pioche.

Mrs. George Arbogast arrived last week and will make Pioche her future home. Mr. Arbogast who is fitting up an assay office and chemical laboratory on Meadow Valley Street, is as full of business as so many bees and happy as a school boy over the arrival of his wife.

Munday, Tuesday and Wednesday Pioche was dry and every body and thing that drinks nothing stronger than water was dry. The water line broke between here and Floral Springs and on fixing one place the pipe would break in another and so on until Wednesday when the water made its appearance in town about 10 o'clock P. M.

Our county jail is full to overflowing and the District Attorney office is also used for a place of safety (?). The county now have 11 star boarders and all but one are serving time. It is a fact that something will have to be done in regards to a larger and better jail. The present jail is a disgrace to a county like Lincoln and the Commissioners, while there are plenty of prisoners to do the grading and quarry the building rock, who would rather work ten hours, than be confined in the present jail, should make arrangement and have a jail built. If the present state of neglect—with the jail in its sanitary condition continues—the county will have a damage suit the cost of one-half dozen jails, which will be the case.

RAILROAD FOR PIOCHE.

Is It A Dream Or Is It A Fact. Let's See.

Senator W. A. Clark, J. Ross Clark and Wm McDermitt spent the greater portion of Wednesday in Pioche relative to extending the San Pedro railroad into this section.

Interrogated by a representative of this paper the following information was given out for publication by Wm. McDermitt and J. Ross Clark.

As a representative of this little country weekly I would like to have some authentic news relative to the early building of the San Pedro road into Pioche was asked Mr. McDermitt.

"Well you newspaper men are pretty good guessers, but you may say we are down here for the purpose of looking the field over and the attention we are paying to the district is encouraging."

But Mr. Mc. this is somewhat unsatisfactory for two or more reasons: First I do not care to always be on the guessing side and I would like to tell the truth once. You spent several months here studying the resources of the country and I know there is something coming up. We want the railroad because we need it. Would you object to state one fact we could depend upon.

"Let me see J. Ross Clark, probably he has some news to give out," was the answer to my query.

While Mr. McDermitt stepped into the Cecil Hotel to interview Mr. Clark upon the subject, the pencil pusher pranced the veranda wondering what would come next. I dropped dead when both gentlemen returned, but recovered sufficiently to hear something like this:

"You may state, Mr. RECORD, that we are well pleased with what we have seen—"

Yes, this is a lovely country, but you haven't seen anything. "But we have records and reports, one of which is of recent date and we place a great deal of credence upon it."

At this stage I fell dead again and only recovered upon the assurance that Mr. Clark had switched from the main points only long enough to weigh what he said.

"You may say Mr. RECORD," he said again. By that time I time I had summoned a physician "that Pioche will have a railroad, that documents made public within a few days will assure you."

"When," I yelled, I know that Pioche will have a railroad—have never doubted that, "but when?" I do not expect to live always, and would love to ride out of this camp on a free excursion. He laughed at my earnest; but I could not help it. The physician was holding my pulse J. Ross Clark continued: "THE NEXT SNOW THAT COMES TO PIOCHE, MR. RECORD, WILL FALL ON SAN PEDRO RAILS."

This is all, but it is enough.

We have Location Notices.

Mrs. M. L. Lee, wife of our deputy Recorder, returned from Salt Lake Sunday.

Mr. Hans Olsen and family of Caliente, visited with friends and relatives here this week.

The impromptu dance given Wednesday was an enjoyable affair and those present had a good time.

Mr. Fred B. Arbogast, son of our metallurgist and mining promoter George Arbogast, arrived this week from Salt Lake and will make Pioche his future home. He will engage in mining.

Mrs. H. E. Freudenthal returned Thursday from a few weeks visit with friends at Caliente, much improved in health.

WILL C. HIGGINS.

Will C. Higgins, editor of the Salt Lake Mining Review, is in Pioche looking over the field with a view of extending the influence of his publication in the building up of Nevada. This is significant. It indicates, first that Pioche is attracting extensive public attention and that metropolitan publications are seeking information relative to its resources. In the last issue of the Mining Review is an elaborate illustrated write-up of Fly, which is a credit to any publication. It is with this view, that Mr. Higgins is here. His paper is acknowledged throughout the west to be one of the cleanest, ably edited and progressive mining journals published, and the especial attention it has given Nevada is worthy the co-operation of every citizen in Lincoln county. Mr. Higgins will remain here a few days and it is up to you gentlemen to see what kind of enterprising material remains in the old camp.

POORMAN MINE.

The Poorman mine east of town has been leased by the Nevada-Utah Co., to Lloyd, Cook and Christian for a long term, and these gentlemen are now in Salt Lake arranging for hoisting machinery with which to equip the shaft now down 300 feet.

This mine has been a great producer for the depth attained and on a former lease worked by Mr. Lloyd and others some years ago it is estimated that \$30,000 was paid in royalties alone.

Thus one by one is practical experience and common sense bringing to the front some of the old producers and opening to view the great resources of this section.

If you want the latest in real-estate or mining see Gordon at the RECORD office.

Fred Mills and Charlie Whaley left Tuesday for the Bristol district where they go to do assessment work on their claims there.

The smiling face of George Walker was seen on our streets during the week. Geo was from Jackrabbitt and returned Monday.

Dr. Campbell was called to Rose Valley the fore part of the week to attend the little girl of Pat Devlins, who is ill.

Timber continue to arrive from Modena for the Nevada-Utah M. & S. Corp. Timbering is going ahead as fast as possible with three shifts in each shaft.

Another real-estate boom is creeping upon Pioche—several small transactions were made this week and a few larger ones are pending. When the depot grounds are finally located there is likely to be something doing in the realty line.

President John Weir of the Nevada-Utah M. & S. Corp., and General Manager Schneider departed by private conveyance Thursday for Caliente and from there they will go to Salt Lake. Mr. Weir has spent several weeks in camp looking over the companies vast holdings. He goes to Salt Lake to be present at a meeting of the officers of the Pioche and Caliente railroad.

Mr. Geo. A. Bethune, recently from Goldfield and southern Nevada, and later superintendent of the Nevada Con. at Ely, once state engineer of Washington, professor of metallurgy in California, has settled with his family in Pioche and will make this section his base of operation in the future. Mr. Bethune has had a large experience in mining operations in the west, and after covering a territory from Butte to old Mexico he says Pioche possess more mineral resources than any section he has been interested in. He is now busily fitting up an assay office on Cedar street, where in addition to serving the public in that line, he will study the commercial value of ores here.

Mary had a little lamb, it didn't give a dam.

When anything good begin the little ram butted in—He ran against a knocker one day, a sader fate you say, was never seen. The ram fled—the knocker is dead—supreme.

ARTICLES OF INCORPORATION.

Articles of incorporation of the Omaha and Nevada Mining Company were filed in Omaha, Neb. on the 5th inst. Capitalization 700,000 shares, par value \$1. divided as follows: L. F. Peer, Salt Lake, 75,000; Chas Lytle, Eagle Valley, 75,000; J. A. Denton, Caliente, 75,000; J. G. Brown, Pioche, 75,000; C. H. Smith, Pioche, 75,000; Herman B. Peters, Omaha, 75,000; the remainder 325,000 treasury.

The officers are J. A. Denton, Pres; Chas Lytle, vice pres; L. F. Peer, Seety and Treasurer; J. G. Brown, Herman B. Peters, directors.

The holdings of the new company consists of 100 acres in the Bailey springs mining district, 25 miles northwest of Pioche, 67 acres in the Chief district, 17 miles south of Pioche, and several claims in the Culverwell district, twenty-eight miles south of Pioche.

The proposition was promoted by L. F. Peer, well known in mining circles throughout the west and the property comprises some of the most valuable ground in these districts. The principal office will be in Pioche and the greatest operation will be at Bailey springs. The property in question adjoins the Horn Silver on which one of the richest and most sensational strikes made in this section was discovered by J. L. Whipple early last spring. This district is a new one, the geology of which is magnificent and the values extremely high.

It is expected that work will begin on an extensive scale soon and that the new territory will be systematically and thoroughly explored. It would not be surprising to the writer if Bailey Springs district did not yet exceed any of the recent rich discoveries in Nevada.

Candidate For Governor.

J. M. Mitchell, a Godfield mining engineer, who was recently announced through the press as a possible candidate for the Republican nomination for Governor has sent Judge C. W. Long, of Goldfield, to Carson, Reno, Virginia City and other western and northern sections of the State to boom his interests. Long says Goldfield and the southern country will ask for but one place on the State ticket, the Governorship and Mitchell will be put forward as its favorite son. He believes that with Mitchell in the field T. L. Oddie, the Tonopah mining magnate, will not oppose him for the nomination. Mitchell has lived in Nevada for 35 years, and was located for a long time at Austin where he was engaged in the mining business.

He Lost His Job.

I used to think when quite a lad that knockers lived on chicken pie. But thinking now of what I think, I think, I think a lie.

Registration Notice.

Notice to Creditors

In the Fourth Judicial District Court of the State of Nevada, in and for the County of Lincoln.

In the Matter of the Estate of George Simmons, Deceased.

GRACE SIMMONS, Executor of the last Will of George Simmons, deceased.

Notice is hereby given that the undersigned has been appointed executor of the last will of George Simmons, deceased, and that she has taken the oath of office and qualification.

Any creditor having claims against said estate are required to file the same, with proper vouchers and satisfactory affidavit attached, with the Clerk of said Court, within three months after the first publication of this notice.

GRACE SIMMONS, Executor of the last Will of George Simmons, deceased.

Dated, May 25, 1906.

Date of first publication May 25th, 1906.

Forfeiture Notice.

Fay, Nevada, May 5, 1906.

TO GEORGE E. COKE: You are hereby notified that I have expended during the year 1905, \$100 in labor and expenses in the development of the Utah Lake Mining Claim in Eagle Valley Mining District, Lincoln County, State of Nevada, the location certificate of which is found of record in Book 1, Pages 471 and 472 in the office of the Recorder of said County.

Said labor and improvements being done and made in order to hold said claim under the provisions of Section 2324 of the Revised Statutes of the United States and the amendments thereto, concerning annual labor upon mining claims being the amount required to hold said mining claim, for the period ending on the 31st day of December, A. D. 1905.

And if within ninety days from the personal service of this notice or within ninety days after the publication thereof in accordance with said section 2324, you fail to refuse to contribute your portion of such expenditure as a co-owner, your interest in the claim will become the property of the subscriber, your co-owner, who has made the expenditure required by the terms of said section 2324, your share of said \$100 being the sum of \$33.33.
